## BEER IS WASHING FOREIGN SHORES

3500 Pints of "Wet" Goods Emptied in Sewer by Sheriff Yesterday Evening.

FIVE HOURS TO DO THE WORK

Empty Bottles in Cases Here Hauled to the Dump and Fired— Crowd Collected There.

While Rushville supped last night, the thirty-five hundred pints and seven kegs of beer, "dry" beer and other unnameable beverages gently trickled in the sewer under the city to Flatrock and was washed by the waves to foreign shores. Rushville drinks are no more and the property of some other county or perhaps State. At seven o'clock the city was beerless and the massacre of the contents of the March raid is now a matter of history.

According to his threat, Sheriff Clata Bebout worked in "gum shoes" and no one knew that the destruction was in progress until they saw the drays hauling the "dead ones" enclosed in the cases down through the city. The work occupied just five hours, from two o'clock yesterday afternoon until seven o'clock yesterday evening.

Shortly after dinner yesterday Sheriff Bebout and his deputies went to the basement of the jail where they began the tedious work. Each and everyone of the thirty-five hundred pint bottles was handled. The tap to the sewer in the basement of the jail was opened and the contents of each bottle was poured into the hole. The empty bottles were replaced in the cases. The contents of the seven kegs were also emptied in the hole.

When the work of emptying had been about completed, drays were called and hauled them off to the dump. There the empties were stacked in a pile and then they were fired. The blaze destroyed all of the cases completely and the bottles were cracked and broken by the heat. A crowd of men and boys collected at the dump last night to watch the going out of Rushville's "thirst quencher."

The drinks have been stored in the jail basement since the afternoon of March 10, when they were placed there after the police raid. All of the cases were labeled, telling to whom they belonged so that in case they were returned to the owners, each one would receive his own goods.

## PASSES CENTURY MILE STONE TODAY

Mr. and Mrs. Sam Young go to Kokomo to Attend Birthday Anniversary of Mrs. Clara Truit.

IS AN AUNT OF MRS. YOUNG

Mr. and Mrs. Sam Young went to Kokomo yesterday, where they will be present today at the celebration of the one hundredth birthday anniversary of Mrs. Clara Truit, who is an aunt of Mrs. Young. Aside from the family gathering a post card shower was in order and it was expected that Mrs. Truit would receive a large collection of remembrances. At the extreme old age, she is in good health and expects to enjoy several more years of life. Mrs. Truit is a native of Howard county. She has other relatives in this county.

In harmony with the proclamation of Head Consul A. R. Talbot, published in the May issue of the Modern Woodmen, all members of Burr Oak Camp, N. 3548, M. W. of A., are earnestly urged to wear a white flower (preferably a white carnation) next Sunday, May 8, in honor of the "best mother who ever lived" your mother.

## CARTHAGE HOME IS DESTROYED BY FIRE

Blaze Originating From Defective Flue, Caused Loss of Henley Residence Last Night.

WORKED TO SAVE CHURCH

The home of George Henley in Carthage was completely destroyed by fire last night. The blaze was discovered by a neighbor about nine o'clock and soon gained such headway that it was impossible to save the structure. The fire originated from a defective flue. The house is located at the side of the Wesleyan Methodist church and much work was necessary to keep that structure from catching fire. The fire fighters kept it covered with water although it threatened several times to break out in a fresh blaze.

A peculiar thing about the fire is the fact that Mr. Henley had his house insured only a few weeks ago. The amount will not wholly cover the loss. All of the household goods on the first floor were saved, but everything in the upstairs went up with the blaze. Mr. Henley and his son lived alone.

Mrs. Leisure Falls While Carrying Wood Into House.

Mrs. Leisure, living at the home of her son in West Ninth street, fell while carrying a load of wood into the house Wednesday evening, and suffered a fractured rib. She is very old, but it is not thought that the injury will result seriously.

The average life of a tradesman is about two-thirds that of a farmer.

## LIQUOR DEALER ON TRIAL TODAY

Case of State vs. August Roth For Law Violation Went to Jury at Four O'clock.

EVIDENCE WAS HEARD ALL DAY

State Chemist and Brewmaster From Capital City Co. Acted as Expert Witnesses.

The case of the State against August Roth for liquor law violation occupied the time of the court all day. Roth is charged by an indictment returned by the grand jury during the last term of court. The trial began this morning about nine o'clock and about four o'clock the case went to the jury.

Two experts from Indianapolis were on the stand most of the time, giving evidence. Assistant State Chemist Maccabee, who testified in the search warrant cases here Tuesday, was placed on the stand again today by the State. His testimony was in the main the same as it was in the other cases. He testified that all of the samples of "dry" beer obtained here contained some portion of alcohol and were necessarily a malt liquor.

It will be remembered that the State chemist in his testimony in the other cases said that the "dry" beer taken from the place of August Roth contained from .35 to .38 per cent alcohol and was not intoxicating. His testimony on the stand today was practically the same. He said that the intoxicants found at the Roth place were made from malts as he found in his analysis.

On the other hand the testimony of Geison, the brewmaster for the Capital City Brewing company, told an entirely different story on the stand, where he was placed by the defense. He said that "dry" beer was not a malt liquor, regardless of the testimony of the chemist. He testified that the liquor was not allowed to ferment and that there could be no malt in it. He said that the process of making "dry" beer did not occupy twenty-four hours and that they shipped it in that many hours after they had started to make it.

City Marshal Jesse Harlow was placed on the stand by the State. He testified that he had seen "dry" beer purchased in the Roth place. On cross examination by the attorneys for the defense he admitted that he had "split" several bottles with friends in there, but that he had never purchased any himself. The city marshal said that it tasted like beer, looked like beer and he finally admitted that he thought it was beer.

Elmer Wetzel, an attorney of Indianapolis, who represented the brewing company, made sport of the marshal's testimony in his final argument before the jury. He said that he did not believe that the city marshal would drink before the eyes of the public, a liquor, the sale of which he believed was against the law.

The State's attorney took up about one-half hour in arguing before the jury. John H. Kiplinger assisted the State in the prosecution and John Joyce assisted the defense. The case of Denny & Evans on a similar charge on a grand jury indictment will be tried tomorrow.

TAKEN TO MARTINSVILLE.

Shelbyville Republican: Frank W. Cotton of Manilla was brought to this city Thursday morning in an undertaker's ambulance and he left here on a Big Four train for Martinsville, where he will spend several days in a sanitarium there. He was taken ill with rheumatism on Monday and since then had to be moved on a cot.

## DROP FACTORIES BY THE WAYSIDE

Committee on Manufactures at Business Men's Meeting Reports Nothing Doing.

TO WAIT ON LOCAL CONCERNS

Committee on Legislation Showed Some Progress in Raising Peddlers' License.

The regular bi-monthly meeting of the Business Men's Association was called to order last night about 8:15 o'clock by Vice-president Fred Beale, the president, Ben Cox, being absent. Not much of any consequence was accomplished at the session with the exception of the report of two committees which showed that they had not been inactive.

After the calling of the roll, the report of the committee on manufacture and commerce was made by Lincoln Guffin, chairman of the committee. He said in a short talk that no reply had been received from the Weer Automobile factory of Dayton, Ohio, which was seeking location here. Mr. Guffin reported that his committee had written to the company for a more specific statement of their wants. As yet the committee has received no reply.

Mr. Guffin further stated that the committee had failed to investigate into the cost of the buildings and grounds asked by the Roper furniture company, which was also looking for a location and whose representative had written here. He said that the committee called the executive committee into session with them yesterday morning and discussed the question thoroughly. They at last decided to let the factory drop and give their help to any local concern which might wish to originate here. No mention was made as to whether or not any local concern was about to be organized or had asked for help.

L. L. Allen, a member of the committee on city interests reported that they had canvassed the merchants and had succeeded in getting a raise in the weekly payment from the merchants to the man in charge of the hitch rack. He reported that the weekly subscription now amounted to \$13.35 and was enough to satisfy the dues the place in a careful manner.

Hugh Mauzy, reporting the action of the committee on legislation, said that its members had met with the city officials and had reached an agreement in regard to peddlers' license. He said that they had written to several cities, both larger and smaller, and had found that their peddlers' license was practically the same as the local license in nearly every instance. He said that the license in Anderson was two dollars a day.

Mr. Mauzy said that at the meeting of the city officials and the committee, it was decided that a minimum fee of two dollars and a maximum fee of six dollars would be charged in every instance. It was suggested that the enforcement of the collection was the next thing in order. Mr. Mauzy said that every effort would be made to enforce the ordinance.

## TO HOLD ANNUAL SERVICE

Colored Odd Fellows Will Celebrate Thanksgiving Sunday.

The colored Odd Fellows will hold annual thanksgiving services at the Second M. E. church next Sunday. G. L. Jones of Indianapolis will deliver the principal address of the afternoon. The procession will form in Second street at the lodge hall and will march to the church. Prof. Brown is marshal of the day and Theo Ramey is master of ceremonies.

mum fee of six dollars would be charged in every instance. It was suggested that the enforcement of the collection was the next thing in order. Mr. Mauzy said that every effort would be made to enforce the ordinance.

The question of the organization with which the local association should affiliate, was brought up by Secretary Wolcott. He said that the Indiana Retailers' Association, whose president, R. B. Clark of Anderson, came here and made a short talk, was the organization with which the local association was supposed to join. After some argument over the feasibility of joining and paying one dollar a year dues and not joining and paddling alone, it was voted to become a member of the Indiana Retailers' Association after a motion was placed by Lincoln Guffin.

## COMES BACK AFTER 30 YEARS ABSENCE

Frank Meyers of Port Arthur, Texas, Returns For a Visit With Old Friends Here.

SURPRISED TO NOTE CHANGES

Frank Meyers of Port Arthur, Texas, who left Rushville in 1880, is visiting old friends here. Mr. Meyers was employed by Theo. Abercrombie as a tailor prior to 1880 and was quite popular in the younger set at that time. Although thirty years have passed since Mr. Meyers visited Rushville he still finds many of his old friends. He is surprised to note the many changes and improvements that have taken place. Mr. Meyers is greatly enjoying his visit and will spend several days here before returning to his Texas home. He was a guest at dinner Wednesday night at the home of Alvan Moor. He was entertained last evening by Mr. and Mrs. Guy Abercrombie.

## THIRTY AUTOS IN FLYING SQUADRON

Left Connersville This Afternoon For Rushville to Advertise Coming May Festival.

TO TAKE SUPPER AT WINDSOR

Owners of automobiles are urged to report to Mr. Johnson at once their readiness for duty in the "Flying Squadron," which goes to Rushville Friday afternoon, says the Connersville News. The purpose is to boom the May Festival and at the same time enjoy a pleasant visit with the good people of Rushville, who are always cordial, hospitable and liberal in extending patronage to similar enterprises in this city.

At least thirty machines are desired for the "Flying Squadron." At 3:30 o'clock Friday afternoon the start will be made from in front of the court house.

Arriving at Rushville all will gather at the hotel for a supper. They will then go to the court house assembly room, where speeches will be made by visitors and citizens of Rushville. And all can count on a good time. Tickets to the May Festival will be disposed of to as many of Rushville's people as wish to attend that great musical event and that means a large number.

New York is experimenting with street cars driven by electric motors which get their power from gas engines mounted below the floors of the cars.

## SAFE BLOWERS ARE SUCCESSFUL

"Yeggs" Rob Postoffice at Flatrock, Shelby County, and Escape With \$180.

CARRY ON WORK LEISURELY

Nearly All of Residents Were Awakened But Were Afraid to Venture Out.

Bold robbers entered the general store and postoffice at Flatrock, southwest of this city in Shelby county last night and escaped with \$180. A dispatch in the Indianapolis News this afternoon said:

The postoffice and general store at this place was robbed by cracksmen early this morning. The men effected an entrance with tools stolen from a section house. After using three charges of nitroglycerine the thieves blew open the safe and obtained about \$180 in money belonging to the postoffice. A strong box inside the safe contained about \$1000 in stamps and about \$100 in money, which the thieves were unable to obtain.

The "yeggs" took their time, as they were in the office from 2 until 3:30 o'clock, and when they left showed their boldness by stopping in front of the building, where they fired several shots before walking away.

Harry Nading, postmaster who recently resigned, but is still in charge, in a statement this morning, says that he heard the explosion when the safe was blown open, while he was at his home two blocks away, but not being armed he did not venture any nearer. Nearly all of the residents in the town were awakened, but no attempt was made to molest the robbers. Mr. Nading does not know how many men made up the gang, but from the number of shots fired and the sound of the footsteps as the men ran out of town, he is of the opinion that there were five, at least.

No investigation was made until daylight. There is no clew. The general store is known as the Simon Nading Grain company.

## MORE PRAISE FOR SPARKS

New Castle Paper Comments on His Nomination For Judge.

In commenting on the nomination of Judge Will Sparks by the Republicans of the 16th judicial district on Wednesday, the New Castle Courier says:

Judge Sparks has many New Castle and Henry county friends and admirers. He has held court here a number of times and has made an enviable record as a jurist. His local friends hope that he will be re-elected by a handsome majority.

'T WAS NOT A SECRET.

New Castle Courier: They say that most everybody knew that Rushville's dry beer was the real thing without having to be told by a chemist.

As a general rule, a man's hair turns gray five years earlier than a woman's.

A safe method of firing shots in mines by electricity has been devised.

**SECOND HAND BICYCLES**. We do not regularly handle second hand bicycles, but usually have a number on hand taken in trade by our Chicago retail stores. These we clear out promptly at prices ranging from \$3 to \$8 or \$10. Descriptive bargain lists mailed free.

**COASTER-BRAKES**, single wheels, imported roller chains and pedals, parts, repairs and a complete equipment of all kinds at half the usual retail prices.

**\$8.50 HEDGETHORN PUNCTURE-PROOF \$4.80**

**SELF-HEALING TIRES A SAMPLE PAIR TO INTRODUCE, ONLY \$4.80**

The regular retail price of these tires is \$8.50 per pair, but to introduce we will sell you a sample pair for \$4.80 (cash with order \$4.53).

**NO MORE TROUBLE FROM PUNCTURES**—NAILS, Tacks or Glass will not let the air out. Sixty thousand pairs sold last year.

Over two hundred thousand pairs now in use.

**DESCRIPTION**: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of this specially prepared fabric on the tread. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C. O. D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.55 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. You run no risk in sending us an order as the tires may be returned at OUR expense if for any reason they are not satisfactory on examination. We are perfectly reliable and money sent to us is as safe as in a bank. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a trial order at once, hence this remarkable tire offer.

**IF YOU NEED TIRES**—Hedgethorn Puncture-Proof tires on approval and trial at the special introductory price quoted above; or write for our big Trial and Sundry Catalogue which describes and quotes prices of all kinds of tires at half the usual retail prices.

**DO NOT WAIT** or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.

## THE SUNDAY SCHOOL.

Lesson VI.—Second Quarter,  
For May 8, 1910.

### THE INTERNATIONAL SERIES.

Text of the Lesson, Prov. xxiii, 29-35.  
Memory Verse, 31—Golden Text,  
Prov. xxiii, 32—Commentary Pre-  
pared by Rev. D. M. Stearns.

It is refreshing to come to this book of God's wisdom for man's ignorance even once a year. More frequent visits would be better, but we are thankful that a temperance lesson brings us here occasionally, even though it brings us to the same portion every time. Those who study the lessons with us regularly will remember that we see here by contrast the Man of Sorrows, who suffered in our stead, wounded for our transgressions, without any cause on His part, as the only one who can save a drunkard or any other kind of sinner. Looking upon Him as the bitten Israelite in the wilderness looked upon the brazen serpent, the helpless, dying one receives life, and, continuing to behold Him at the right hand of God for us, we become changed into His image until, when we see Him face to face, we shall be like Him.

Continually beholding Him and considering His love, which is better than wine, we are constrained by His love to live no longer unto ourselves, but unto Him who died for us and rose again (II Cor. v, 14, 15). As the eye affecteth the heart and the heart walketh after the eyes (Lam. iii, 51; Job xxxi, 7), so as we consider Him we will be found walking in His steps to His glory.

Contrast Noah and his wine and drunkenness and shame, David and his idleness and his looking upon what was not his with his consequent sin, Achan and his confession, "I saw, I coveted, I took," and away back to Eve and her confession, or, rather, to that which is written of her, "The woman saw that the tree was good for food and that it was pleasant to the eyes and a tree to be desired to make one wise, and she took of the fruit thereof and did eat." Had she been occupied with Him who gave her all things richly to enjoy she would not have been ensnared by the enemy. So it has been ever since. As one has said, "He has made us for Himself, and our souls are restless till they rest in Him." Where He is not known it must be a greater or less manifestation of the world, the flesh and the devil in one form or another—the card table, the theater, the horse race, gambling, drunkenness and all the lesser forms of idolatry, for whatever takes the place of God in the heart is an idol. However much of suffering these things may bring, the cry of the unsatisfied heart is: "When shall I awake? I will see it yet again." It is not to be wondered at that the people of this world who have no knowledge of God should so heartily enter into the service of their master, the devil, and enjoy to the utmost the pleasures of sin for a season, but what can be said of those who bear the name of Christ and even stand in the pulpit as His messengers and yet think it not wrong to gratify their carnal minds with cards and the theater and the novel and such like? The least that can be said is that they neither talk nor act like him who said: "What have I to do any more with idols? I have heard Him and observed Him. I am like a green fir tree" (Hos. xiv, 8). They cannot sing: "Thou O Christ, art all I want. More than all in Thee I find." Then there are those who do not indulge in openly sinful things, but are simply wise in their own conceit, cultured, refined, intellectual, religious, but unbelieving. Of such it is written, "They are drunken, but not with wine; they stagger, but not with strong drink" (Isa. xxix, 9). The strange thing is that it is possible to be an earnest worker along certain lines in the cause of temperance and yet be drunken after this fashion.

The atonement of the Lord Jesus Christ, His precious blood, His great sacrifice for sin, is the only hope for the drunkard, and those who know not this remedy know nothing effectual, but are trying to patch up an old garment that cannot be mended. There are those who are seeking to put down the drink traffic, to close the saloons, to stop all evil, to purify the earth by their efforts, but there is only One who can do this, and it shall become a reality in His time and way. "What is His name and what is His Son's name, if thou canst tell?" (Prov. xxx, 4). He says, "Whoso hearkeneth unto me shall dwell safely and shall be quiet from fear of evil." "When thou liest down thou shalt not be afraid—yea, thou shalt lie down, and thy sleep shall be sweet." "For the Lord shall be thy confidence and shall keep thy foot from being taken." "Let thine eyes look right on, and let thine eyelids look straight before thee. Ponder the path of thy feet and let all thy ways be established." "The lips of a strange woman drop as an honeycomb, and her mouth is smoother than oil, but her end is bitter as wormwood, sharp as a two edged sword. Her feet go down to death; her steps take hold on hell." "Her house is the way to hell, going down to the chambers of death." "The way of a fool is right in his own eyes, but he that hearkeneth unto counsel is wise" (Prov. i, 33; iii, 24, 26; iv, 25, 26; v, 3-5; vii, 27; xii, 15). Such are a few of the words of wisdom in this wonderful book.

We must see and hear Him only who is "the power of God and the wisdom of God" (I Cor. i, 24) and apart from whom all is folly.

### CHRISTIAN ENDEAVOR.

Prayer Meeting Topic For the Week  
Beginning May 8, 1910.

Topic.—The Christian graces.—I Pet. iv, 7-11; Col. iv, 6. Comment by Rev. Sherman H. Doyle, D. D.

The word "grace" is used in several senses in the gospel. First and foremost it is the free and unmerited favor of God, as when Paul says in Eph. ii, 8, "By grace are ye saved, through faith, and that not of yourselves; it is the gift of God." In the second place, grace is used to designate an adorning attribute of the Christian life, such as faith, hope and love, with the number of other virtues that should characterize the true Christian character. In this sense the apostle Peter uses it when he says "Grow in grace," or in the Christian graces (II Pet. iii, 18). It is in this sense that we are to study of grace—that is, as it applies to the qualities of Christian character and is designated by our subject, "The Christian Graces."

In the topical references we have injunctions concerning certain Christian graces by the two greatest of apostles, Peter and Paul. Let us therefore consider these exhortations and heed them.

The apostle Peter speaks of certain Christian graces from the angle of the coming of Christ. Like the other apostle, Peter looked for a speedy return of the Master. This was an error so far as Christ's second coming was concerned. "The end of all things is at hand," he declared and emphasized the virtues appropriate to such a condition. But it was not for Peter "to know the times and seasons," nor is it for us, but we do know that our time is short and, above all, uncertain. These graces, therefore, should be a constant possession. They should at all times be a part of our lives. From this standpoint he first emphasized the grace of soberness or self restraint. "Be ye therefore sober," Hold yourselves in self restraint. The Thessalonian Christians had become greatly excited over the thought of Christ's coming, had neglected their work and become idlers, and many others when He did not come disbelieved and gave free reign to their passions and appetites.

The thought of our short and uncertain time in this life should guard us against each one of these extreme errors. It should inspire us to soberness of thought and life at all times. We should quietly live our lives, no matter when the time is at hand, and should avoid sin and its excesses. This soberness should be unto prayer or associated with prayer. "Be sober unto prayers" is the better translation of this part of the apostle's injunction. Soberness, self restraint, receive their strength from God, and he who realizes the seriousness of life from the standpoint of eternity will spend much time in prayer. Peter also enjoins hospitality and charity or intense love, which will cover a multitude of sins—not ours, but the sins of others. He who intensely loves another will shield his weaknesses rather than parade them. Again, the gifts or graces bestowed upon us by the Spirit, who is the divine source of Christian graces, should be imparted to others. Let us remember that the time is short, that the end may be near at hand, and practice the graces and virtues that will best become us when the hour of our departure does arrive.

### BIBLE READINGS.

Matt. v, 1-16; vi, 14; I Cor. xiii, 15, 10; Eph. ii, 1-8; Num. xii, 3; Col. iii, 14; Phil. iv, 8, 9; John iii, 5-8; Pet. iii, 18.

### Japan to India.

The Japanese Endeavorers sent a warm greeting to the Agra convention. The far east unites with the mighty empire of central Asia, the land of mystery, meditation and marvelous history, the great teacher of the past. In their greeting the Japanese hope that when India catches the true spirit of Christian Endeavor, which is a happy combination of devout meditation and practical helpfulness, India will rise to great achievements and become once more a teacher and leader of the nations.—Christian Endeavor World.

### The Christian Endeavor Army.

According to the report of General Secretary Shaw, there are 71,493 societies enrolled in the great Christian Endeavor army, with 3,551,100 members. Practically all denominations are represented, the Presbyterians being first with 10,198 societies. There are 48,561 comrades of the Quiet Hour and 25,773 members of the Tenth Legion who give one-tenth of their income to the Lord.

### The Model Christian Endeavorer.

The model Endeavorer will not waste time in vain regrets over the past.

With every rising of the sun  
Think of your life as just begun.  
The past has shriveled and buried deep  
All yesterday's; there let them sleep  
Nor seek to summon back one ghost  
Of that innumerable host.  
Concern yourself with but today.  
Woo it and teach it to obey  
Your will and wish. Since time began  
Today has been the friend of man,  
But in his blindness and his sorrow  
He looks to yesterday and tomorrow.  
You and today! A soul sublime  
And the great pregnant hour of time.  
With God him self to bind the twain.  
Go forth, I say—attain, attain!  
—"Record of Christian Work."

Never hesitate about giving Chamberlain's Cough Remedy to children. It contains no opium or other narcotic and can be given with implicit confidence. As a quick cure for coughs and colds to which children are susceptible, it is unsurpassed. Sold by all dealers.

If your Stomach, Heart, or Kidney are weak, try at least, a few doses only of Dr. Shoop's Restorative. In five or ten days only, the result will surprise you. A few cents will cover the cost. And here is why help comes so quickly. Dr. Shoop doesn't drug the Stomach, nor stimulate the Heart or Kidneys. Dr. Shoop's Restorative goes directly to the weak and failing nerves. Each organ has its own controlling nerves. When these nerves fail, the depending organs must of necessity falter. This plain, yet vital truth, clearly tells why Dr. Shoop's Restorative is so universally successful. Its success is leading druggists everywhere to give it universal preference. A test will surely tell. Sold by F. E. Wolcott.

## Business Men's Association.

Just what has the Business Men's Association of Rushville accomplished since its organization several weeks ago and what will it accomplish in the future?

The Association as the minutes of every meeting will show has done nothing with one exception. It has made such maneuvers that the wages of the man in charge of the hitch rack have been increased so that he will attend to the horses driven by country people and perhaps one other thing—it has, after a conference with the city officials, decided that a maximum fee of six dollars a day shall be charged transient peddlers on the streets of the city.

Can they point with pride to their past record? Can they say that the fruits of their labor are something tangible, something which may later bring something for the betterment of Rushville? Can they say in speaking of the meeting last night that we have a good factory proposition and are after it before our sister city is on the trail? Can they brag of their achievements since the association first had its beginning?

No. Emphatically, no.

A business man here is found who complains that it will take time to do this and that thing, we must be patient and fortune will favor. Fortune will favor no man who does not go in search of it and then even it will not favor him unless he is just the least bit faster than his competitor, who is seeking the same end. It is a struggle for existence among the small towns of Indiana or any other State for that matter and the one who lags behind, what is to become of it? The town that comes out of the rut, the town whose citizens and business—business men, for they are the ones who are more directly benefitted by industrial growth—it's the one which is to reap the rewards of industrial activity.

We can see examples all around us of cities which were once inferior to Rushville—and are now so far as natural resources are concerned—have sprung up as in the night by the activity of their citizens—citizens who show by their actions that they were not originated in the dark ages. They have grown and have acquired what Rushville can also acquire by using the same receipt. The best name for the receipt can be expressed by the one word ginger. The coach when he sends his winning team out on the gridiron, pours that one invective into their ears until they can hear the strains of it when they charge the line—ginger-tinger-tinger. And they accomplish something.

But to the Rushville Business Association. What has it accomplished? What have the citizens of the city done while towns and cities all around us have grown almost out of comprehension. They have lain inactive while the progressive business men of other cities have waxed fat off the trade which they have drawn by their incessant working and loosening of their purse strings. When there is nothing going out, it is an old adage that there will be nothing coming in. The fact that the census is about to be given out and has already been taken in all of our sister cities, perhaps may tend to awaken some out of their lethargy. Shelbyville has almost doubled its population in ten years, New Castle has more than tripled its population in the last few years, Connersville has added several thousand to its number of inhabitants and Richmond has also made a very noticeable gain. What has Rushville done in that time? She has gained five hundred or possibly one thousand in population in ten years. That is nothing more than the increase due to the excess of births over deaths, if even that.

But the meeting last night. Some enthusiasm was manifest and that mostly from the mouth of Tony Schrieche, who is a tried and true, and who has the boom idea down to

the finest detail and who has the nerve to get up and express his feelings. The committee on factories was was to make a report which would mean something to the business men of Rushville. What was the gist of their report? That they had received no reply from one manufacturing concern which sought location here, and the other one which had made a definite proposition—they decided not to look into it further and would suggest that if any money is to be invested that it be planted in a local manufacturing institution. There the matter was left. It was dropped cold and will remain there unless some enthusiast catches it before it becomes a hard material.

What business man in Rushville is there who wants to organize a manufacturing concern? What business man in Rushville is there who knows anything about manufacturing, was educated to any certain manufacturing industry, other than those who are already engaged in that line? Can you answer those questions Mr. Business Man?

When there is any money to be invested, then the matter is dropped. If the manufacturing concern seeking location here asks for any small bonus or asks that local subscription to their stock be made, then they are sent down to perdition as far as Rushville is concerned. The Roper furniture factory asked for certain things, among them being that local capitalists subscribe fifteen thousand dollars of stock and for that they offered something in compensation and they were allowed to slip away. They are now another added to the list of dead and buried as are numerous others which could now be located in Rushville.

But to the Business Men's Association and what it could accomplish. Let us consider the personnel of them. One of the officers was unable to be present last night as he had been called out of the city on account of the death of a relative. Two of the four members of the board of directors were present, Anthony Schrieche and Will M. Bliss. One of the four members of the committee on membership was present, Floyd Hogsett. Has the committee on membership ever held a meeting? Has the committee on membership after the spurt of the first few days ever attempted to get any new members out of the remaining merchants who are not members?

One member of the committee on legislation was present last night, Harry Kramer. That committee is one out of the whole number which has accomplished something. They have made arrangements that the maximum fee be charged foreign peddlers. And the one big question now is to enforce it. One member of the committee on press attended last night, Alva Newhouse. It has been suggested by the committee that the business men have printed on the back of their envelopes a few scarse lines, naming the advantages of Rushville as a trading and manufacturing center. Have they done anything more than suggest? No. Anyone can make suggestions, but carrying them out—there's the rub. Could not the committee, at least two of its members and thus divide the work up, visit every business man in the city and ask that he do this; urge him to give his order to them with the instruction where to have it printed?

The committee on manufacture and commerce, one member out of five present last night, Lincoln Guffin. They have really done more work than any other committee. But what have they to show for their hours of labor? Nothing, and the matter was left with the suggestion that they wait for local capital to organize and then they would give them their help. Yes, Columbus discovered America. The committee on sanction found that two out of five of its members, Hugh Maunz and T. W. Lytle, were present. Have they done anything in the weeks that the association has been in ex-

istence? No. Strange men and women under the garb of every work of charity known to mankind have worried the business men of the city. Can they do anything? Yes.

The committee on entertainment and amusement came up with a very poor per cent, having only two of its members, J. J. Reardon and Will Bliss, present out of a total of nine. Have they done anything? No. Have they ever held a meeting? No. Will they ever do anything, that's the question. Rushville has a band, one of which some cities would be proud. Might they not attempt to get band concerts one evening out of the week during the summer months? Band concerts attract people out of their homes and especially country people and get them into the habit of visiting Rushville. Will they get band concerts?

The committee on city interests came up with one member, L. L. Allen, present. They reported that they had at least accomplished one thing. That counted for something.

Charles Bassler was the only member out of the committee of five on assemblages, who was present. Did the committee on assemblages ever hold a meeting? Did they ever think of a plan to arouse men so that more of the members of the Association would come out for the regular sessions? Did they ever attempt to evolve some plan to arouse interest? Have they ever asked a business man to attend one of the meetings? Not one member of the committee on railroad transportation attended last night. According to several business men there is much that this committee could do. The people living in the towns in this county on the L. E. & W. railroad complain that they can not make good connections with the present time table. They are compelled to come here to pay their taxes even if their trade is not wanted and with the present arrangement, they have only one and one-half hours. Has the committee ever thought of bettering those conditions? Has the committee ever held a meeting?

No member of the committee of five on good roads was present last night. They have taken some interest and have held meetings in regard to the manner of keeping dust down during the summer. But with some initiative could they not do more? The county commissioners are soon to consider the paving of Main and Second streets under the three-mile law. Could not the committee formulate a well worded petition and get the signatures of all of the business men and present it to the board? It might not do any good, but still it would have some weight. They could at least let the commissioners know that it is their wish that the streets be improved and they could in fact demand the improvement.

Think it over.

People there are here in Rushville who have seen the comet.

And again there are people in the same city who stay up to see the comet.

Enough of this Democratic spring, bo!

A warm bite is a soft snap for a tramp these chilly days—but not when he gets it from the watch dog.

Pink-eye is now in vogue and may be caught by all people—color-blind people included.

It is said that the fish in Flatrock are all on a spree today.

It's excusable, since such an opportunity cannot be afforded until another county option law is passed.

A few more towns like Gary and State-wide prohibition would be the next step.

It does seem strange that the seventeen-year locust is due every year.

The three-mile gravel road law is all right if it is worked to the limit—that is the city limit, according to the remonstrators.

### Arlington.

Another cold spell is on and people will have another set back with their crops.

The wonderful dedicatory services at the Christian church have come and gone. It was a great day for Arlington. The Republican made a great mistake in saying it was Rev. S. E. Conner instead of Rev. F. M. Rains of Cincinnati who conducted the services, and it was a wonderful day for begging, \$3500 being raised to clear the church debt.

John S. Matthews has sold his grocery to Wick Munden.

There was a large number of Rushville people visited Arlington on Sunday.

James Brown and wife of Shelbyville attended the dedicatory services on Sunday.

Prof. Shauck is going to make a visit to Galion, Ohio.

John S. Matthews since he has sold his grocery will open a law and collection agency in Arlington.

Mrs. Noble is very ill with no hopes of her recovery.

Mrs. A. G. Shauck has been called to her father's home on account of illness in the family.

The new school house is being rapidly completed. The tile roof is now being put on. This will be one of the fine school buildings of Rush county.

### This Is a Rare Teacher

The following from an exchange would probably not apply to Rush county teachers:

"Oh, I never read a newspaper," said a school teacher the other day when somebody asked her about a current event.

School teachers are busy people, are overworked, perhaps, and are also underpaid. But it would take a very strong reasoning power to excuse them from reading newspapers. More good, sound sense, practical knowledge and information about life as it really is can be learned from the intelligent reading of a newspaper than in any other way. That is a broad statement, but true nevertheless. It is not a plea for subscribers for there is scarcely a person in this city who does not have the opportunity to read at least two papers each day. And two papers are enough. In fact, more than that is too many for the ordinary reader. Everybody should read at least a good local paper every day.

It is the history of a day bottled up into a few minutes interesting reading. It is history in the making and certainly that is more important than reading of most history when it was in the making. In other words, was in the making. In other words, and than the events of yesterday. Your opinions on the events of yesterday are almost worthless as far as practical results go. But your opinions on the events of today may help mould the events of tomorrow.

## June 19th

Was the day Louis Chevrolet got his Buick car all harnessed up. Loco, Knox, Stoddard, Apperson, Fiat and other cars were racing for the big Cobe Cup. Bill Mead timed Chevrolet a mile a minute, they say, with his Buick; all other cars he passed. Cyrus joined the crowd as they called aloud. Chevrolet made the grandstand gasp. The women hollowed, "Chevrolet's won," and the crowd yelled out as one, "I love my horse and wagon, but oh you Buick Car."

### AMUSEMENTS

The Palace theater will have a complete change of program tonight.

The Vaudet management offers an exceptionally good program tonight in the film, "The Woes of a Cinematographer." It is said to be very entertaining and to vie with any picture for first honors. It presents a strong story with many interesting situations. A new illustrated song will be sung.

The Star Grand presents tonight one of Edison's great detective stories entitled "A Case of Identity." This film shows another case handled by the wonderful detective Hogarth, and carries us to an entirely different locale and set of situations, and will win instantaneous favor with the audience. Earl Robertson will sing "In the Golden Long Ago."

## CHAPTER XX. THE LAST STAND.

SOON after 5 o'clock a man in the topmost window of the tower called down that the forces in the hills were moving in a compact body toward the ridges below the southern gates.

One hundred picked men were to be left inside the castle gates with Vos Engo, prepared to meet any flank movement that might be attempted. Three hundred mounted men were selected to make the dash down Castle avenue straight into the camp of the sharpshooters. It was the purpose of the house guards to wage a fierce and noisy conflict off the avenue and then retire to the castle as abruptly as they left it, to be ready for Marlanx should he decide to make a final desperate effort to seize their stronghold.

The dash of the 300 through the gates and down the avenue was the most spectacular experience in Truxton's life. He was up with Quinnox and General Braze, galloping well in front of the yelling troops. These mounted carabineers, riding as Bedouins, swept like thunder down the street, whirled into the broad, open arena beyond the duke's palace and were upon the surprised ruffians before they were fully awake to the situation.

## REAPING BENEFIT

From the Experience of Rushville People.

We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterances of Rushville residents on the following subject will interest and benefit thousands of our readers. Read this statement. No better proof can be had.

Mrs. W. A. Wylie, 824 North Arthur street, Rushville, Ind., says: "Doan's Kidney Pills have been used in our family and we have found them to be a splendid remedy for kidney complaint. A member of our family suffered from attacks of backache for several years, the trouble being caused by disordered kidneys. Doan's Kidney Pills were brought to our attention and thinking they might prove of benefit, we procured a supply at F. B. Johnson & Co.'s Drug Store. The use of two boxes of this remedy entirely relieved the backache and strengthened the kidneys. I publicly recommended Doan's Kidney Pills at that time and I still take pleasure in saying a good word for them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## Get Well First

Don't risk even a penny—until health first returns.

And I mean just exactly that. I am the one physician who says to the sick "I will, out of my own pocket, pay for your medicine if it fails to bring you help!" And for 20 years Dr. Shoop's medicines have been used and recommended in every city and hamlet in America. They are positively standard in every community—and everywhere. Then why pay the cash, and at your risk, for either unwarranted and uncertain medicines? Thousands upon thousands have in the past successfully used Dr. Shoop's Restorative. When the stomach nerves, or the heart or kidney nerves fail, these sick ones know how quickly Dr. Shoop's Restorative will bring them back to health again. But best of all, they positively take no money risk whatever. They know that when health fails to return, Dr. Shoop will himself gladly have the drug test. And for that test a full 30 day treatment is freely granted. But write me first for an order. This will save delay and disappointment. All druggists sell Dr. Shoop's Restorative and Dr. Shoop's Rheumatic Remedy, but all are not authorized to give the 30 day test. So drop me a line please—for I have appointed an honest and responsible druggist in almost every community, to issue my "no money risk" medicine to the sick. The books below will surely open up new and helpful ideas to those who are not well. Besides you are perfectly free to consult me just as you would your home physician. My advice and the book below are yours—and without cost.

Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private personal advice plan. My best effort is surely yours simple now, while you mind, for tomorrow never comes. Dr. Shoop, Box 12, Racine, Wis.

## A Story of Graustark By GEORGE BARR M'CUTCHEON

who crouched beside him was there to designate a certain figure in the ever changing mass of humanity on the bloody parade ground. Her clear eyes sought for and found Marlanx; her unwavering finger pointed him out to the old marksman.

She saw Vos Engo fall. Then a tall, well known figure sprang into view, dashing toward her wounded lover. Her heart stopped beating. With her hands to her temples she leaned far over the window ledge and

"YOU ARE SHOT!" SHE CRIED. "TRUXTON! TRUXTON!"

screamed—screamed words that would have filled Truxton King with an endless joy could he have heard them above the rattle of the rifles.

The corner of the building had shut out the picture. It was impossible for her to know that the man and his burden had reached the balcony in safety. Even now they might be lying on the terrace, riddled by bullets.

The old man roused her from the stupor of dread. He called her name. Dully she responded. Standing bolt upright in the window, she sought out the figure of Marlanx and pointed rigidly.

"Ah," groaned the old man, "they will not be driven back this time!"

They will not be denied. It is the last charge! God, how they come! Our men will be annihilated in—Where is he? Now! Ah, I see! Yes, that is he! He is near enough now. I cannot miss him!"

Marlanx was leading his men up to the terrace.

At the top of the terrace the Iron Count suddenly stopped. His long body stiffened and then crumpled like a reed. A score of heavy feet trampled on the fallen leader, but he did not feel the impact.

A bullet from the north wing had crashed into his brain.

"At last!" shrieked the old man at the window. "Come, Miss Tullis; my work is done."

"He is dead, your grace?" in low, awed tones.

"Yes, my dear," said the Duke of Perse, a smile of relief on his face. "Come, let me escort you to the prince. You have been most courageous."

A group of terrified women were huddled in the far corner of a nearby room. The Duke of Perse held open the door for Lorraine Tullis, but she did not enter. When he turned to call she was halfway down the top flight of stairs, racing through the powder smoke toward the landing below.

At every step she was screaming in the very agony of gladness:

**STOMACH DEAD;  
MAN STILL LIVES**

People who suffer from sour stomach, fermentation of food, distress after eating and indigestion, and seek relief in large chunks of artificial digestors, are killing their stomach by inaction just as surely as the victim of morphine is deadening and injuring beyond repair every nerve in his body.

What the stomach of every sufferer from indigestion needs is a good prescription that will build up his stomach, put strength, energy and elasticity into it, and make it sturdy enough to digest a hearty meal without artificial aid.

The best prescription for indigestion ever written is sold by druggists everywhere and by F. B. Johnson & Co. in Rushville and is rigidly guaranteed to build up the stomach and cure indigestion, or money back.

This prescription is named Mi-o-na, and is sold in small tablet form in large boxes, for only 50 cents. Remember the name, Mi-o-na stomach tablets. They never fail. They contain ingredients that give quick relief (other than strong digestion) but they are compounded for the purpose of making the stomach strong and energetic enough to do its work without the aid of harmful drugs.

**HYOMEI**

"Stand firm! Hold them! Help is coming! Help is coming!"

A last look through the window at the end of the hall had revealed to her the most glorious of visions.

Red and green troops were pouring through the dismantled gateway, their horses surging over the ugly ground rifts and debris as if possessed of the fabled wings.

Her brother was out there, and all was well. She was crying the joyous news from the head of the grand stairway when Truxton King caught sight of her.

He was powder stained and grimy. There was blood on his face and shirt front.

"You are shot!" she cried, clutching the post at the bend in the stairs. "Truxton! Truxton!"

"Not even scratched!" he shouted as he reached her side. "It's not my"— He stopped short even as he held out his arms to clasp her to his breast. "It's some one else's blood," he finished resolutely. She swayed toward him, and he caught her in his arms.

"I love you—oh, I love you, Truxton!" she cried over and over again. He was faint with joy. His kisses spoke the adoration he would have cried out to her if emotion had not clogged his throat.

"Eric," she whispered at last, drawing back in his arms and looking up into his eyes with a great pity in her own. "Is he—is he dead, Truxton?"

"No," he said gently; "badly hurt, but—"

"He will not die? Thank God, Truxton. He is a brave—oh, a very brave man!"

Leaderless between the deadly fires, the mercenaries gave up the fight after a brief stand at the terrace.

The prince reigned again.

To be Continued.

## The Third Degree.

If a delightful and powerful story appeals to you, it would be a great mistake to miss "The Third Degree," the serial story which begins in next Monday's issue of the Daily Republic. It is a beautiful story of the untiring devotion of a faithful wife to her husband; how she attempts to save his life from destruction in the electric chair; and how she is finally successful in her life's mission, that of saving the name which she bears from degradation. It is powerfully told, bearing all of the earmarks of a twentieth century novel.

The story should especially appeal to local people in view of the fact that many saw the dramatic version both in Indianapolis and Connorsville. It has scored a remarkable success in all of the leading theaters in the United States. Many players will remember Helen Ware who played in "The Third Degree" in Indianapolis and should read it for that if for no other reason. As a story it is said to be stronger than its stage representation.

The splendid work of Chamberlain's Stomach and Liver Tablets is daily coming to light. No such grand remedy for liver and bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Sold by all dealers.

BRIBERY PROBE****Conspiracy Charge May Be Laid  
Against Legislature.****WORK OF SPECIAL GRAND JURY**It Is Said That State's Attorney Way-  
man and His Aids Are Working to  
Involve in an Alleged Conspiracy Net  
a Number of Illinois Legislators  
Against Whom Suspicion Has Been  
Directed in the Lorimer Scandal.Chicago, May 6.—When Representa-  
tive R. E. Wilson of Chicago, who is  
involved in the bribery charges, was  
escorted to the witness room, a sensa-  
tional turn in the big legislative scan-  
dal developed. Like fire the rumor  
spread about the criminal court room  
that State's Attorney Wayman and his  
aids are working to involve in an al-  
leged conspiracy net a number of leg-  
islators. Indictments on such a charge  
are expected to be the outcome of the  
probe now on before the special grand  
jury. Wilson is the man Representa-  
tive Charles A. White accuses in his  
startling confession in the Chicago  
Tribune of having paid him (White)  
in St. Louis \$900 of a "jackpot" cor-  
ruption fund which White charged ex-  
isted in his narrative printed in the  
Chicago Tribune. White declares the  
money he received was paid outside  
the state, and the only charge that  
could be lodged against Wilson is one  
of conspiracy, it is asserted.Representative H. J. C. Beckmeyer  
or Carlisle added a sensational devel-  
opment by making to the special grand  
jury a confession that corroborates in  
all essential details the story of Repre-  
sentative White, that he received  
\$1,000 for voting for William Lorimer  
for United States senator, and that lat-  
er he got \$900 as his share of a gen-  
eral corruption fund of "jackpot." Beckmeyer, who was accused by White  
of being in St. Louis the day the "jack-  
pot" was split, broke down and told  
the special jurors that he had received  
money for voting for Lorimer and had  
been given a dividend from the gen-  
eral slush fund, the amount he was  
given in each instance being the same  
as that White confesses to having re-  
ceived.Another startling development was  
the revelation that the prosecutor is  
making a systematic canvass of the  
financial standing of members of the  
general assembly who voted for Wil-  
liam Lorimer for United States sena-  
tor. Representative J. Edward Forst  
of Chicago accompanied Mr. Wilson to  
the court building and carried with  
him his bankbook and exhibited it to  
an assistant state's attorney. Mr.  
Forst had given this information to re-  
porters before Assistant State's At-  
torney Marshall cautioned him not to  
tell anything to the newspapers. Repre-  
sentative Sheppard was taken to Mr.  
Marshall's room and while he remained  
inside a detective stood outside the  
door and no one was permitted to en-  
ter. The fact that Sheppard was taken  
before the inquisitors the second time  
gave cause for the rumor that he is  
being grilled in the hope that a "con-  
fession" may be forced if he has any-  
thing to tell of an indictable nature.**Killed Wife and Himself.**St. Louis, May 6.—While three po-  
licemen stood at the door of the home  
of John Briscoe, Briscoe fired a shot  
from the house, killing his wife. He  
then barricaded himself in the house.  
When the police broke into the house  
they found Briscoe dead. He had shot  
himself through the heart.**THE NATIONAL GAME**Here Are the Current Scores in the

**MANY VICTIMS  
OF EXPLOSION****Alabama Mine Disaster Claims  
More Than a Hundred.****THEIR DOOM SEEMS CERTAIN**Explosion of Gas and Dust in Palos  
Mine Near Birmingham Entombs 135  
Men, Not One of Whom Is Expected  
to Be Rescued Alive—The Practical  
Wrecking of the Colliery Has Pre-  
vented Progress of Rescue Parties.Palos, Ala., May 6.—Another mine  
disaster occurred in Alabama when  
yesterday afternoon an explosion in  
Mine No. 3 of the Palos Coal and Coke  
company at Palos, twenty miles from  
Birmingham, entombed, it is estimat-  
ed, forty-five white men and ninety col-  
ored. The explosion is believed to  
have been caused by gas and dust. It  
happened at a time when employees  
were not supposed to be shooting in  
the mines.The explosion was of such terrific  
force that Samuel Goolaby, a justice  
of the peace and rural free delivery  
carrier, 200 yards from the mouth of  
the mine, walking on the railroad  
track, was instantly killed, his body  
being burned to a crisp. The entire  
section of the country was startled by  
the explosion. People for several  
miles away felt it.As soon as the noise of the explo-  
sion died out, women, men and chil-  
dren gathered at the mouth of the  
mine, and there was great wailing.  
Messages to Birmingham and various  
parts of the district soon started re-  
sponding parties to the scene of the dis-  
aster.A. B. Lightner, general agent of the  
Frisco, got a special train together  
and with a number of physicians, mine  
operators and others, made for Palos.  
The rescue work was slow. The hel-  
mets were brought into use, but a  
cave-in a few hundred feet in the mine  
impeded the passage of fresh air. A  
man and a mule, both dead, were  
found, but could not be handled be-  
cause of the bad air. Many of the  
men in the mine were identified by  
numbers only, hence some difficulty  
will be experienced in setting up a  
complete list of those entombed whose  
fate appears to be doomed beyond all  
doubt.**LONDON ALARMED**Grave Anxiety Expressed Regarding  
Condition of the King.London, May 6.—King Edward is  
suffering from a severe bronchial at-  
tack and has been confined to his room  
for the past two days. London did not  
know that the king was ill until late  
last night, when his physicians issued  
a bulletin stating that their royal pa-  
tient's condition was such as to create  
anxiety. The news flashed over the  
city instantly by means of tickers and  
telephones. One newspaper issued a  
special edition that caught the home-  
going theatergoers with the flaring  
headlines, "King Edward Dangerously  
Ill—His Condition Gives Cause for  
Anxiety."The Mail led its news page with a  
spread head, cautiously repeating the  
physician's bulletin, and said: "The  
disquieting rumors as to the king's  
health since his return from Biarritz  
were confirmed last night by the bul-  
letin issued from Buckingham palace.  
Although we are informed there is no  
immediate cause for alarm, his maj-  
esty's physicians have thought it de-  
sirable to issue a statement that his  
majesty's condition causes anxiety."The Duchess of Argyll, the king's  
sister, who had been to a theater,  
where she learned the alarming news,  
drove to the palace immediately. Her  
carriage remained outside the palace  
door for an hour, when the duchess  
re-entered and drove to her home in  
Kensington Gardens. At Marlborough  
House it was learned that the Prince  
of Wales had been summoned to the  
palace at 7 o'clock.The startling news imparted by the  
king's physicians in their surprising  
bulletin is reflected in editorials in the  
London newspapers, which more than  
anything else reflect the gravity of the  
case. One of the significant features  
of the situation is the fact that every  
newspaper in Fleet street is keeping  
its mechanical and editorial staffs on  
duty, prepared to issue extra editions  
in the event of the dread result read  
between the lines of the physicians'  
bulletin coming true.**INCENDIARY MOB**Deprived of Human Victims, Georgia  
Mob Resorts to the Torch.Danville, Ill., May 6.—Sheriff Heim-  
rick requested Governor Deneen to  
call out the militia in order to prevent  
trouble among miners at Westville.  
The governor ordered the troops at  
Danville and Champaign to assemble  
under arms and report to the sheriff.  
The miners, some 400 in number, left  
Danville for Westville with the avowed  
purpose of attacking men who had  
taken their places at the colliery. They  
routed a number at one place and others  
fled.The miners say they and their fam-  
ilies are starving and that they will  
not permit the newcomers to supplant  
them.**MEMBERS OF THE OLD  
GUARD DISSATISFIED****They Are Grumbling At Taft's  
Frequent Absence.**Washington, May 6.—Some of Pres-  
ident Taft's friends in the senate who  
are worrying over the outlook for the  
administration railway bill are going  
to try to dissuade him from leaving  
Washington next week. The president  
got back to the White House today,  
and he is scheduled to leave again on  
Monday morning for Passaic, N. J.,  
where he will attend a banquet of the  
board of trade. He will be back in  
Washington on Tuesday, but the next  
afternoon he will leave for New York  
to attend the launching of the battle-  
ship Florida at the Brooklyn navy-yard  
on the 12th.The supporters of the Taft program  
of legislation in the senate have no  
hesitancy about saying they will need  
the strongest kind of co-operation from  
the president to pull out even a par-  
tial victory on the railroad bill and to  
save the life of the Republican organ-  
ization in that body.Many of the Republican regulars  
have not attempted to conceal their  
dissatisfaction over the absence of the  
president from Washington at this  
critical period in the progress of his  
legislative plan. At least two of them  
said that they were going to the White  
House to urge Mr. Taft to give up his  
trip to New York, and also his journey  
to New York later in the week.The feeling of some of the regulars  
on this point was evidenced on the  
floor of the senate when Senator Hale  
of Maine, one of the foremost of con-  
servatives, made the absence of the  
president the subject of a jest which  
drew smiles from the entire senate.**Exonerated by Coroner's Jury.**San Francisco, May 6.—Owen Mor-  
an, the English lightweight, was ex-  
onerated by a coroner's jury of all re-  
sponsibility for the death of Tommy  
McCarthy, the nineteen-year-old Frisco  
fighter who fractured his skull by a  
fall in the ring last Friday. Moran  
knocked out McCarthy with a blow on  
the jaw.**Cutshall Acquitted.**Washington, Ind., May 6.—James  
Cutshall, charged with having attempt-  
ed to murder Charles Farmer of Ja-  
sonville at Montgomery last summer,  
was acquitted by a jury in the circuit  
court.The Carnegie hero committee has

## WOMAN TEACHER LOSES IN FIGHT

West Lafayette Instructor is Named  
as Head of New Castle Schools  
After Warm Controversy.

**ROSA MIKELS AN APPLICANT**

Well Known Here Where She Has  
Acted as Instructor at Teacher's  
Institute.

Mrs. Rosa R. Mikels, whose appli-  
cation for the superintendency of the  
New Castle schools was turned down  
by the board yesterday, is well known  
here. She was an instructor at the  
teachers' institute last August and  
has been retained in the same capac-  
ity this season. She is very well  
thought of by the local teachers who  
recognize her as a very competent  
educator.

A dispatch from New Castle to the  
Indianapolis Star says that the city  
school board yesterday announced the  
selection of E. W. Lawrence of West  
Lafayette, Ind., where he is superin-  
tendent of schools, as superintendent  
of the local schools, to take the place  
left by the late J. C. Weir. The board  
thus stood by its original intention  
not to appoint Mrs. Rosa Mikels, but  
to appoint a man. Mrs. Mikels was  
the only woman applicant among the  
eighteen who sought the place.

The announcement of the board  
that it would not appoint a woman  
caused much comment, and the wo-  
man's clubs of the city took up the  
matter and bitter controversies re-  
sulted. Previous to the action of the  
board of appointing Prof. Lawrence  
citizens appeared before the board  
and spoke in Mrs. Mikels' behalf and  
presented five petitions signed by  
more than 200 citizens in which the  
board was requested to appoint Mrs.  
Mikels.

Some time ago the board requested  
Mrs. Mikels, in a letter signed by all  
three members, to withdraw her ap-  
plication and file an application for  
principal of the high school. This po-  
sition Mrs. Mikels had held for more  
than twenty years and up to the first  
part of January, when she took tem-  
porarily the place of superintendent  
after the death of Mr. Weir. In  
answering this letter, Mrs. Mikels de-  
clined to withdraw as a candidate for  
superintendent, and informed the  
board that failure to appoint her  
would cause her to sever her connec-  
tion with the schools.

## MAD DOG VICTIMS ARE RECOVERING

Dr. H. H. Elliott, Sheridan Palmer  
and Fred Kue of Glenwood  
Are Improving.

### UNDER PASTEUR TREATMENT

Requires Eighteen Days For the Cure  
to Take Effect—Not in Institute  
All the Time.

Dr. H. H. Elliott and two boys,  
Sheridan Palmer and Fred Kue of  
Glenwood, who were recently bitten  
by a rabid dog are still taking treat-  
ment at the Pasteur institute at In-  
dianapolis, says the Connersville  
News.

The patients are not compelled to  
remain confined in the institution all  
of the time. Dr. Elliott, talked enter-  
tainingly of the method of treatment  
while here yesterday, and being him-  
self a physician he was able to  
graphically describe it. Briefly he  
states that a rabbit is inoculated with  
the virus from a rabid dog or other  
animal. The rabbit soon dies in con-  
vulsions when its spine is removed  
and first placed in a salt solution. It  
is then ground to a fine powder and  
this powder produces the serum  
which is injected into the patient and  
with which it is claimed the cure can  
be accomplished.

That this serum is very powerful  
was indicated by one statement of  
Dr. Elliott. He has now taken about  
half the course so that the doses are  
not yet nearly so large as they will  
be toward the end of the eighteen  
days. But he said the dose he took  
yesterday if given to a healthy man  
whose system was entirely free from  
the virus it would immediately pro-  
duce a case of rabies in its worst and  
most violent stage.

The treatment at the institute  
costs \$100 for each patient. Union  
township in which the western part  
of Glenwood is located, will pay for  
the treatment for the two boys.

Dr. Elliott says that he talked with  
Dr. Hurty, secretary of the State  
board of health and that the latter  
informed him that there were many  
mad dogs abroad in Indiana. A man  
was bitten yesterday at Indianapolis,  
he said and two little girls the day  
previous. At the present time seven  
are taking the treatment at Indiana-  
polis and Dr. Elliott believes that not  
more than half of the number of peo-  
ple bitten take the treatment.

### UNION COMPLAINS

President Taft the Subject of Formal  
Charges.

Cincinnati, May 6.—Formal charges  
made by the National Steam Shovel-  
ers' union against President Taft have  
reached the headquarters of the union  
in this city. The president is an hon-  
orary member of the steam shovelers'  
union. The charges are based on the  
president's failure to observe the boy-  
cott against the Cleveland baseball  
team. The team is under the union  
ban because non-union men are said  
to have been employed in constructing  
its new park. Nevertheless Taft at-  
tended the game between the Cleve-  
land team and the Browns at St. Louis  
Wednesday. Action by the executive  
board of the union is not expected in  
this case for several days.

### FORT WAYNE THE HOST

Indiana Traveling Men Holding Con-  
vention There Today.

Ft. Wayne, Ind., May 6.—From more  
than 200 business buildings in the  
downtown section of the city the white  
and blue of the organization in flag  
and emblem and bunting decoration,  
flares out Ft. Wayne's welcome to the  
annual state convention of the Indiana  
division of the Travelers' Protective  
association, which opened in this city  
today.

Six hundred traveling salesmen who  
carry "grips" and sample cases over  
Indiana and expatiate on the merit of  
their particular variety of wares are in  
the city for two days of relaxation as  
the guests of Post A, which has made  
elaborate preparations to entertain  
them.

### SAY THEY ARE STARVING

Illinois Miners Resist the Invasion of  
Strike Breakers.

Grays, Ga., May 6.—A mob of 200  
white men stormed the jail at this  
place expecting to lynch four negroes  
who were under arrest on suspicion of  
having attacked Mrs. S. H. Sams, wife  
of a planter. The sheriff had learned  
that a mob was forming and put the  
prisoners in an automobile and hurried  
them to Macon. When the would-be  
lynchers found the negroes were gone  
they set fire to four negro churches,  
several lodgerooms and schoolhouses.  
The mob also burned the homes of the  
four negroes suspected of attacking  
Mrs. Sams.
